CLERKSHIP INFORMATION SHEET

Mission Statement of Clerkship:

To improve clinical competence, and autonomy in all aspects of patient care, while functioning in an environment that parallels a true Intern experience.

Objectives of Clerkship:

By the end of the clerkship, students must:

- Derive and report clinical data from the history and physical exam thoroughly and succinctly.
- Prioritize problems by acuity and severity.
- Interpret clinical data effectively.
- Formulate differential diagnoses and management approaches to medical problems that arise commonly on inpatient medical services.
- Demonstrate independent thinking, decision-making and action in patient care at the level of an intern.
- Participate in transitions of care, including hand-offs, admissions and discharges.
- Communicate clearly and effectively with colleagues, team members, attending physicians, consultants, patients and patients' family members.
- Communicate clearly and effectively with the interdisciplinary care team.
- Display initiative and reliability in completing tasks and following up on results.
- Describe indications for and potential complications of basic procedures and demonstrate correct techniques for such procedures.
- Contribute to the education of the medical team.
