12. In “Step 6”, enter the project period dates (i.e. date/mo/yr) of the supplement. In most cases, you will need to prorate the period so the supplement fits within the parent award. For example, if the project period of the parent award end June 30 each year, choose June 30 as the end date for the supplement. You are strongly encouraged to consult the awarding Institute / Center (IC) contact staff and IC website for start date information. Refer to the Notice of Award (NOA) for the End date. After entering a start and end date, click on “Continue to Next Step” button.

13. You have now proceeded to “Step 7 How many years and/or budget periods would you like?” See below. Pick the number of years from the drop down box.

14. Click on “Continue to Next Step” button.
