Educational Objectives

The 35th Annual International Symposium: Clinical Update in Anesthesiology, Surgery and Perioperative Medicine is designed to help busy professionals advance their knowledge and keep current by providing a review of innovations, recent advances and best practices in cardiothoracic, vascular and general anesthesiology, surgery, perioperative medicine, and critical care. In addition, four workshops will be conducted for interested participants.

At the conclusion of the symposium, participants will be able to:

1. Describe and implement new diagnostic modalities, therapeutic agents and management strategies in the fields of cardiothoracic, vascular and general anesthesia, surgery, critical care and perioperative medicine.

2. Recognize and implement best practice anesthetic management of patients with significant comorbidities.

3. Discuss the current and future management of patients with cardiac, thoracic and vascular pathophysiology.

4. Four WORKSHOPS: 1-One lung ventilation; 2-Regional block; 3-Difficult airway; 4- ECHO Experts will demonstrate the latest techniques.
The Westchester Academy of Medicine designates this live activity for a maximum of 18 hours AMA PRA Category I Credits™.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME Accreditation Statement
This activity has been planned and implemented in accordance with the Accreditation Requirements and Policies of the Medical Society of the State of New York (MSSNY) through the joint providership of the Westchester Academy of Medicine and Department of Anesthesiology, Icahn School of Medicine at Mount Sinai, New York.
