

Mount Sinai  
**INTERNATIONAL EXCHANGE PROGRAM**  
for **MINORITY STUDENTS**

*Department of Preventive Medicine • Division of International Health*

<b>Title of Research Project or Research Topic</b>
Ecosystem Disturbance and Risk of Dengue in a Paddy Rice Plantation, Mexico.
Gender, Work and Health: Morbidity and its Association to Night Work, Long Working Hours and Domestic Work Among Nursing Personnel in Brazil
Motivations for the Use of Condoms During Intercourse Among Educated Adolescents in Buenos Aires.
Documentation of Childhood Asthma Among Residents Following Acute Exposure to Sulfur Dioxide: A case Series.
Protective effect of yoghurt consumption on Helicobacter pylori seropositivity in a Mexican population.
The p53 Gene and Protein Expression in Primary Cultures of Oyster Hemocytes.
Pediatric Cancers in Spain, Argentina and the US.
Effects of Prenatal p,p-DDE Exposure and Breastfeeding on Infant Neurodevelopment.
Risk Factors of Breast Cancer.
Follow-up of Participants of a Train the Trainer Course on Health and Human Rights.
Laboratory of Occupational and Environmental Toxicology.
Arsenic Exposure and its Neurodevelopmental Effects in Children.
Epidemiology of Musculoskeletal Pain: Psycho-Social and Orthopedics Explanations
Community-Based Intervention to Prevent Fetal Alcohol Syndrome.
Male Reproductive Effects Due to Pesticide Exposure in the Western Cape, SA.
The Social and Economic Impacts of Fetal Alcohol Syndrome among farming Communities in South Africa. A GIS Mapping of Liquor Outlets and the Risk of Alcohol Pregnancy
Quality of Life in a Population of Miners.
Pesticide Exposure and Cancer Among Farm workers in Rio de Janeiro State.
Child effects of metal environmental exposure
Health Communication and Education in Rural Communities.
Long Term Effects of In Utero DDE Exposure on Children Neurodevelopment.
Environmental Exposures in Pediatric Cancers.
The Cost of Occupational Accidents
Women's Risk Perception and Communication Regarding Pesticides Exposure in Brazil.
Health Promotion and Education Among Children and Young Workers Exposed to Pesticides in Rural Brazil.

<b>Title of Research Project or Research Topic</b>
Spatial distribution of children with cancer and cystic fibrosis/tobacco in Murcia, Spain
Prenatal DDE Exposure and Children's Growth During the First Year of Life.
Validity and reliability of a field kit for Cholinesterase estimation amongst workers exposed to organophosphate insecticides
Alcohol consumption before and during Pregnancy
Costing an Intervention to Address Fetal Alcohol Syndrome Among Farming Communities in the Western Cape Province of South Africa.
Environmental Exposures in Pediatric Cancers
Concentrations of Urinary Phthalate Metabolites in Mexican Women With and Without Auto-report of Diabetes History.
Attitudes and Practice of Health Sciences Faculty Deans in South Africa to Adoption of Human Rights Teaching for Graduates in the Health Professions.
Follow up of Service Providers who Received Training in Screening and Counseling Women at Risk of Alcohol Exposure During Pregnancy
Community Intervention Aimed at the Prevention of Fetal Alcohol Syndrome in a rural area near Cape Town
Risk Perception and Communication Regarding Rural Workers Exposure to Pesticides.
Environmental Exposures in Pediatric Cancers
Short Term Androgen Deprivation for the Radiosensitisation of Hypoxic Prostate Tumours.
Uranium in Baltinglass: Consequences of Human to Contaminated Drinking Water
Characterization of the Vulnerability Associated to the Climatic Change in Mexico and its Local Locally on Health.
Evaluation of Helicobacter Pylori Seropositivity According to Dietary Patterns
Short Term Androgen Deprivation for the Radiosensitivity of Hypoxic Prostate Tumors.
Exposure to Phthalates and Breast Cancer Risk in Northern Mexico
Work organization, psychosocial stress and risk factors for cardiovascular diseases among nurses
Biological exposure and susceptibility biomarkers in environmental and occupational health studies.
Reproductive Environmental Health
Public Health- A Human Resource Priority for South Africa?
Exposure to Phthalates and Breast Cancer Risk in Northern Mexico
The Economic Burden of Fetal Alcohol Syndrome
Environmental Exposures in Pediatric Cancers
Analyzing Cultural Differences and Impact on Health Services in Ireland
Environment and Pediatric Cancer
The Use of Social Media In Health Communication and Education: Perspective for Brazil

<b>Title of Research Project or Research Topic</b>
Notch-3 Regulation by Hypoxia in Prostate Cancer Cells
Biological exposure and susceptibility biomarkers in environmental and occupational health studies
Involvement of miRNAs in Prostate Cancer
Environment and Breastfeeding
An Interaction Evaluation of Macronutrient Consumption and Distal Colon Microbiota Associated With Childhood Obesity
Obesity Related to Arsenic Exposure
Dietary Factors of Molybdenum
Health Literacy of Brazilian Immigrants Living in the United States: Perspectives for Health Promotion and Education
Health Effects in Pregnant Women and Their Newborn From a City in the North of Chile Exposed to Different Environmental Contaminants
Environmental Factors and Genetic Susceptibility of Breast Cancer
Indoor Pollution in a Community Near Tailings Waste, Chañaral Chile
Pesticides Exposure Associations with Cancer Incidence and Mortality: An International Health Study
Environment and Pediatric Cancer
Health as a Human Right
Health and Economics
Identification of novel biomarkers of treatment failure in high risk prostate cancer patients treated with radiation therapy
The State of the Art of Children's Environmental Health Research in Latin- America
