

Open ONLY to all Masters, PhD, MD/PhD STUDENTS, and Postdocs.

The Office of Career Services & Strategy now offers **professional portraits**:

- Twice a month, a one-hour portrait photo shoot is organized at the Graduate School's main office. Six students/postdocs (first come, first serve) are able to schedule 10 min appointments and appear in Annenberg 5-206 for the photo shoot. Please do not be late for your appointment.
- The purpose of this initiative is to provide professionally taken and professionally looking portraits for LinkedIn profiles or other career related professional on-line materials.
- Please dress accordingly – **dress shirts, ties, suit jackets are encouraged.** Darker colors are preferred as the background is white.
- Everyone will have to fill out a waver form and email it to Carol Johnson (carol.johnson@mssm.edu) prior to having their appointment be confirmed.
- A digital file will be emailed within a week of the photo shoot. Printing of portraits will not be provided.
