Organized by the Bioethics Program and the Medical Ethics Student Organization of the Icahn School of Medicine at Mount Sinai, the “Becoming a Physician: Ethical Challenges in Medical Education” Conference is the first medical ethics conference to focus on ethical challenges medical students encounter on their path to becoming physicians. It is intended to be a forum for medical students to present their reflections on these challenges.

This conference is supported by a grant from the AMA Journal of Ethics.

Second Annual Medical Student Ethics Conference

Becoming a Physician: Ethical Challenges in Medical Education

Saturday, January 21, 2017 | Annenberg Building, Room 12-01
