

Summer Undergraduate Research Program

Box 1022

The Summer Undergraduate Research Program (SURP) is a Graduate School Program, which emphasizes the research experience for the SURP Fellow. This is a full-time commitment for the duration of the program. To facilitate and optimize this experience for both the student and the mentor, it is important that you discuss expectations, goals, requirements, and laboratory guidelines. To this end, we suggest that you use this form to initiate this discussion.

Student Name: _____ **Mentor:** _____

Who will directly supervise the student?

Who will assist the student with the preparation of the poster?

Has time commitment to the project been discussed? yes no

Were laboratory guidelines/policies (e.g., biohazards, lab notebook) explained to the student? yes no

Has the student been provided with a reading list? yes no

Does the student have to participate in lab meetings? yes no

Does the student have to participate in seminars? yes no

Laboratory activities expected of the student:

Goals expected to be reached by Poster Session

Please note that the Summer Fellows are expected to attend all Program-planned activities including the special weekly seminar series which is designed specifically for them and other undergraduate students who are on campus. The Program will be wrapped up with the Poster Session, presented by the Fellows.
