**SPIN – How Does it Work?**

*Excerpted from SPIN on line instructions*

- It is designed to allow you to perform as simple or as complex of a search as you would like to.

- Searches are carried out against the entire text of the SPIN programs.

- This includes opportunity titles, sponsor names, synopses, objectives, as well as funding opportunity numbers, email addresses, keywords, and several other fields.

SPIN – SMARTS Automation – Saved Searches

Excerpted from SPIN online instructions

➤ Automated notification of new and updated opportunities

➤ New opportunities and existing opportunity updates are automatically delivered to your email inbox

➤ Fully configurable to match your criteria

➤ Can run perpetually with no further management
How Do I Search the SPIN database?

To do a simple search, enter search terms in box above and click on “Locate Funding.”

For a more advanced search, click on “Click here to edit item.” Then continue to filter by clicking on appropriate links below.
You may wish to review training videos available through the Help function. #19 is quite good and is 5 minutes long.
How to get notifications from SMARTS?

1. Conduct a Search. See preceding two slides.
2. Save Search (i.e., click on “Save” button,)
3. User is prompted with questions regarding receiving email updates. Answer the questions and click on “Save Changes”.
