This stimulating day will begin with attendance at of one of three educational seminars.

“WELLNESS WISDOM: THREE AREAS YOU NEED TO KNOW MORE ABOUT AS YOU MATURE”
Dr. Yousaf Ali, Dr. Douglas Dieterich and Dr. Alice Levine will discuss three diseases you need to know more about: Rheumatoid Arthritis, Hepatitis C and Thyroid Disease.

“KNOW YOUR RISK: GENOMICS AND OVARIAN CANCER”
Learn more about your personal genome. Dr. Peter R. Dottino will address the research and developments relating to ovarian cancer.

“HER PALPITATIONS: ARE THEY ANXIETY OR A PRELUDE TO SOMETHING MORE?”
Palpitations, the sensation of the heart beat in the chest, is a common symptom particularly in women at different stages in their life. Dr. Marie-Noelle Langan will explain why they are often attributed to "anxiety" but women are more vulnerable to dangerous rhythms which may be missed.

Investigative journalist and writer, Lisa Ling will be the keynote speaker at the luncheon.

Tickets and tables are on sale now. Ticket price includes attendance at one of the three educational seminars. Table purchases include 10 tickets. Each table guest may attend the educational seminar of their choice.

The funds raised at this event will enable Mount Sinai Health System to maintain its leadership in research and development of cutting edge advances to improve health care for women. Your contribution will also provide resources and services to meet the needs of all women in the communities we serve.

For further information, please contact Alyssa Kind in the Office of Special Events at 212-824-8255 or alyssa.kind@mountsinai.org.

We look forward to seeing you for a day designed to feed your body and your mind.
