Goals and Objectives
This program is designed to give a state-of-the-art update on selected topics in Pediatric Endocrinology and Diabetes.

At the conclusion of the conference, participants will be able to:
• Recognize clinical evidence based advances in the etiology, course, prediction and prevention of Type 1 Diabetes.
• Identify the etiology and treatment of growth disorders.
• Assess the causes and treatment of disorders of cortisol secretions.

Who Should Attend
Pediatricians, family practitioners, scientists, nurse practitioners, physician assistants, diabetes educators, nutritionists, dieticians, social workers, residents, students and others involved in the care of young people with diabetes, growth and other endocrine disorders.
