PLEASE READ AND SIGN THE FOLLOWING STATEMENT:

As the investigator, I understand that the Manhattan HIV Brain Bank, a member of the National NeuroAIDS Tissue Consortium (NNTC), has disbursed human tissue or fluids to me for research purposes only. The NNTC disburses tissues intended to expand scientific knowledge in the published public domain. I acknowledge that this specimen has been disbursed for my express use only, that I will exercise a good faith effort to keep control over such specimen, and that I will not distribute any samples or fractions of samples to other investigators without the express permission of the MHBB.

I acknowledge that providing any amount of tissue sample to colleagues, other investigators, or other laboratory facilities is specifically prohibited without written permission from the MHBB. I will direct all such requests for tissue inquiries to the MHBB.
