TO: Faculty and Staff

UPDATE: Mount Sinai has released a searchable database that assists faculty and staff with identifying research funding opportunities from federal and non-federal sources.

DETAILS: The Find a Funding Opportunity database can be searched using keywords, sponsor names, award types, applicant types, date ranges, and more. Brief training videos that address specific aspects of the database are available from its homepage.

FOR MORE INFORMATION: Visit www.mssm.edu/conduits and click “Find a Funding Opportunity” to search the database. The database subscription is only accessible through Mount Sinai’s network (i.e., from your work computer or remotely through VPN). Please email ResearchIT@mssm.edu if you have any questions.
