

Saiaditya Badeti, MD, PhD

Medical School: Rutgers New Jersey Medical School

Email: saiaditya.badeti@mountsinai.org

Profile: AP/CP Resident with an interest in GI pathology and Hematopathology. He chose Mount Sinai as it would provide him opportunities to work with world-class researchers and clinicians. He is interested in investigating novel immunotherapies for difficult-to-treat conditions. He loves strategy board games, videogames, and sci-fi movies.

Hadassah Bitterman, DO

Medical School: New York Institute of Technology College of Osteopathic Medicine

Email: hadassah.bitterman2@mountsinai.org

Profile: Hadassah is currently training as an AP/CP Resident. Her passion for pathology grows stronger with each subspecialty she delves into, expanding her understanding of the field. She finds equal joy in teaching and learning from peers and senior attendings. Outside of her work, Hadassah enjoys cooking, painting, hiking and spending quality time with her family.

Kevin Clare, MD

Medical School: New York Medical College

Email: kevin.clare@mountsinai.org

Profile: Kevin is a PSTEP resident with a passion for computational and neuropathology. As a leader in pathology innovation, Kevin chose Mount Sinai with the goal of applying his background in biomedical engineering and image analysis to improving patient care. In his spare time, he enjoys astrophotography, kayaking, cooking, and exploring the river towns along the Hudson.

Bram Holladay, DMD, MS

Medical School: Case Western Reserve University School of Dental Medicine

Email: bram.holladay@mountsinai.org

Profile: Bram is an Oral pathology resident from Washington state. Recreationally, his activities includes running in central park, longboarding and gardening. He is looking forward to living in New York City.

Robbie Myers, MD, PhD

Medical School: Tri-Institutional MD-PhD Program, Weill Cornell Medicine

Email: robert.myers@mountsinai.org

Profile: Robbie is an AP-only resident with an interest in surgical and molecular pathology. With a PhD in cancer genomics and clonal evolution using single-cell technologies, Robbie is interested in pursuing a career in surgical pathology utilizing novel molecular and computational tools to improve patient care. In his free time, he enjoys weightlifting, playing board & video games, walking through Central Park, and watching reruns of The Golden Girls with a pint of ice cream.

Shree Nadkarni, MD

Medical School: Rutgers New Jersey Medical School

Email: shree.nadkarni@mountsinai.org

Profile: Shree is an AP / CP Resident with an interest in molecular pathology. He's passionate about the intersection of business and medicine, focusing on how pathology can bridge academia and industry with a focus on innovation and digital pathology. In his free time, you can find him exercising and enjoying the great food of NYC.

Jorge Samanamud, MD

Medical School: American University of Antigua College of Medicine

Email: Jorge.samanamud@mountsinai.org

Profile: Jorge is an AP/NP Resident, born in Peru and raised in New York. He developed an interest in neuropathology while working as a research technician at Columbia University. Jorge chose Mount Sinai Pathology for its academic excellence, digital pathology accessibility, and for the friendly and inclusive culture among the residents. In his free time he enjoys running in Central Park, cooking, and spending quality time with his wife and two children.
