

**The Icahn School of Medicine at Mount Sinai
Neuroradiology Fellowship Program
Lecture Series and Journal Club Schedule 2013-14**

(most Tuesdays at 3 pm)

7/16/13: Tanenbaum, Introduction to Advanced Imaging and Post-processing

7/23/13: Delman, Introduction to Stroke Imaging

7/30/13: Tuhim (neurology), Clinical Aspects of Stroke

8/6/13: Naidich, Pediatric Hemorrhage and Stroke

8/13/13: Tanenbaum, Advanced Stroke and Cerebrovascular Imaging

8/20/13: Doshi, Normal Cerebral Vascular Anatomy

8/27/13: Journal Club

9/3/13: Aman Patel, Interventional Neuroradiology

9/10/13: Doshi, Imaging of the Spine

9/17/13: Qureshi (spine surgery), Clinical Diagnosis and Surgical Decision Making of Spine Disease

9/24/13: Naidich, Degenerative Disease of the Spine

10/1/13: Naidich, Spinal Dysraphism

10/8/13: Naidich, Intracranial Tumors

10/15/13: Tanenbaum, Advanced Imaging of Brain Tumors (part 1)

10/29/13: Krieger (neurology): Multiple Sclerosis

11/5/13: Hart, Business of Radiology

11/12/13: Journal Club

11/19/13: Sicular (general/ emergency radiology): Mock Code and MRI safety

11/26/13: Tanenbaum, Advanced Imaging of Brain Tumors (part 2)

12/10/13: M. Green (neurology), Headaches

12/17/13: Journal Club

1/7/14: Pawha, DBS

1/14/14: Naidich, Post-operative Spine
1/21/14: Cho (spine surgery): Scoliosis
1/28/14: Journal Club
2/4/14: Drayer, Movement Disorders
2/11/14: Pawha, Sella
2/18/14: Delman, Pituitary
2/25/14: Journal Club
3/4/14: Pawha, Epilepsy
3/11/14: Delman, Demyelinating disease
3/18/14: Rucker, Neuroophthalmology
3/25/14: Journal Club
4/1/14: Doshi, Spinal Tumors
4/8/14: Pawha, Spinal Vascular disease
4/15/14: Jenkins (neurosurgery), Instrumented Spine
4/22/14: Journal Club
4/29/14: Tanenbaum: Advanced Spine Imaging
5/6/14: Delman: CT-MR fusion
5/13/14: Pawha: Parathyroid Imaging
5/27/14: Journal Club
6/3/14: Delman: Facial Trauma
6/10/14: Tanenbaum: MRA
6/17/14: Delman: functional MRI
6/24/14: Hecht (spine surgery), Cervical Spine

Fellows have opportunities to observe neurosurgeries such as deep brain stimulator placement with Dr. Kopell.
