### **Academic Activities**

#### **Teodora Alexa**

I am more aware about research ethics in my relationship with patients and during my work as clinical trials subinvestigator. I try to make sure my patients truly understand the informed consent. My colleagues now send their clinical trials patients to me to make sure they sign a truly informed consent form.

#### **Violeta Ionela Chirica**

1. I became assistant professor at the discipline of legal medicine and bioethics, where I teach both, legal medicine and medical ethics. I have 4 seminars/week of medical ethics, with third year medical school students.
2. Starting with 1st October I was appointed secretary of the ethics committee of the University of Medicine and Pharmacy, Carol Davila.
3. Collaborator in the European Project- Bioethics in Translational Medicine.

#### **Dejan Donev**

1. First of all, in the teaching materials and techniques that I use in the class during the semester and also a very big development on MBA (MA) level where inside the subject “Methodology of scientific research” a lot of chapters from our Fogarty program were put in the curriculum
2. Meanwhile, as a review of several research projects and generally as a review for several international scientific journals, the materials from our Fogarty Program help me a lot.

### **Tatjana Gazibara**

I am involved in teaching several classes on research ethics for PhD students in epidemiology in my institution

### **Vida Jeremic**

1. I have been involved as a teaching assistant in the Master Studies of Neuroethics (School of Medicine at University of Belgrade, established at 2014/2015 school year):  
Coordination of the mandatory course “Philosophical, social and public health aspects of neuroethics”

### **Ioan Marcus**

1. I have developed the curriculum for the course of Animal Experimentation Bioethics (under-graduate students in FVM), and Bioethics of Animal Research course (PhD students in USAMV CN).
2. The Project Bioethics Standards in Translational Research: an integrated approach of the Bioethics Education in Biomedical Sciences and its role in the development of the knowledge society in Danube Region Countries, was selected for funding starting the month of April 2015 until the 31<sup>st</sup> of March 2016 (<http://best-network.usamvcluj.ro>)

### **Dragana Ignjatovic Ristic**

My hospital became a member of European Association of Centres of Medical Ethics

### **Tudor-Stefan Rotaru**

1. I was promoted a step in the academic titles, from assistant to lecturer, and was moved entirely in a department that deals with Bioethics.
2. I have been appointed as a member of my University’s Research Ethics Committee, reviewing, together with my colleagues, all research projects ran in the University.
