- Police & Fire Departments  13  

---

---
Dear Tenant,

Welcome to the 310E. 24th Street Residential building!

This reference guide is intended to provide you essential information about the building, your apartment and the surrounding neighborhood.

Please pay special attention to the policies listed in this guide and in your Occupancy Agreement.

If you have any questions or concerns, please do not hesitate to contact us.

Thank you for choosing to reside in Mount Sinai Beth Israel Housing.

Sincerely,

Real Estate Services
Mount Sinai Beth Israel

SECTION 1: BUILDING MANAGEMENT AND OPERATION

BUILDING MANAGEMENT AND SUPPORT SERVICES

The Department of Real Estate Services is located on the second floor of 150 East 42nd Street, Suite 2A, New York, NY 10017. The Office hours are 9:00 AM – 5:00 PM, Monday – Friday, except holidays. Tenants wishing to meet with a member of the Real Estate team need to schedule an appointment. Tenants without an appointment will be denied access to the building, due to security measures and protocol.

For concerns regarding your Occupancy Agreement, tenant statements, payroll deductions, security deposits, electricity charges or other tenant occupancy issues, please reach out to the MSBI Property Manager or MSBI Corporate Director at telephone numbers 646-605-4969, 646-605-4960 or via email at Fredalyn.Vargas@mountsinai.org or Fay.Robertson@mountsinai.org.

Rose Associates
The hospital system has contracted Rose Associates as the managing agent of the residential buildings. For your building and apartment needs or services, please reach out to the Rose Associates Property Manager, Assistant Property Manager, or General Manager at telephone numbers 212-659-9705, 212-659-9736, 212-659-9706 or via email at JGimpel@rosenyc.com, Emuir@rosenyc.com, or JSchofield@rosenyc.com.

For emergencies after business hours only, the Property Manager on call can be reached at 800-862-1674.

Building Staff
The building staff is comprised of the porter who is under the direction of the Superintendent. The building staff will be available to service your apartment needs for all necessary repairs from 8:00 AM to 4:00 PM, Monday through Friday.

OCCUPANCY AGREEMENT
The Occupancy Agreement is an agreement between you and the hospital system, regarding residing in a Mount Sinai Health System owned apartment. It is offered to you as a condition of your full-time employment with the hospital system and remains effective for the duration, and until the last day, of your training program. Tenants are to adhere to all policies listed and outlined in the Occupancy Agreement and its attached riders. Non-adherence to the Occupancy Agreement and the attached riders are grounds to terminate your Occupancy Agreement.

Occupancy
The occupancy of your apartment is limited to only the persons listed in your Occupancy Agreement and its riders. Should you need to include another person in your apartment, due to change in family size, please immediately notify Real Estate Services. Real Estate Services needs to keep an accurate record of all tenants residing in the building, including children, and for emergency purposes. Short-term apartment visitors should be listed in our computerized work order, visitor tracking and building notification system called
BuildingLink in order for access to be granted to the building and your apartment floor. Shortly after move-in, you will be sent an e-mail with your username and temporary password with which to create your account.

RENT
Rent is due on the 1st of the month. Non-payment of rent is grounds for the hospital system to terminate your Occupancy Agreement. Incoming tenants are responsible for paying prior to move in, the 1st month’s rent and any prorated rent due. The 1st month’s rent payment is applied to the first calendar month after your move in. Prorated rent is any rent assessed for a partial month of occupancy between your move in date and the end of the month in which you moved in.

Payroll Deductions
Rent is collected by payroll deduction from employee’s salary. The rent for each month is collected over the course of the first two paychecks of the same month and applied to the housing account towards the end of each month. It is the tenant’s responsibility to ensure that the correct rent is being deducted from their salary. If you are being over- or under- deducted rent from your salary, please inform Real Estate Services immediately.

SECURITY DEPOSIT
The security deposit is a flat fee of $500.00 required prior to move in. It is held in a separate bank account and returned to tenants 8–10 weeks after they have vacated hospital housing. It will be less any arrears on the tenant account and any vacating / damage fees assessed following apartment inspection at move out.

ARREARS
Arrears are any charges, such as rent or electricity, not paid in full by their due date. The hospital system reserves the right to collect arrears in the same manner as the monthly rent and deduct at move out, any remaining arrears from tenant’s security deposit. If the arrears balance cannot be repaid in full by either of these methods, the tenant will have to make alternate repayments arrangements, or be engaged in collection proceedings. Such tenants will not be signed out of the Hospital’s New Innovation systems by Real Estate Services at the end of training.

TRANSFERS
Internal transfers to another apartment are granted at the discretion of Real Estate Services and are based on availability. Tenants must submit a transfer application via the online Housing Application and select the “Waitlist-Transfer” option in the “Source” field under the “Current Housing” Section. Lateral transfers (a transfer to an apartment of the same size), results in a $300.00 fee. Transfers are not granted during the months of April – August.

MOVE IN & MOVE OUT POLICIES
Move In and Move Out policies and guidelines are made available once Real Estate Services is notified of your intent to move in or move out. For more information, please reach out to the Real Estate Services Property Manager.

CLICKPAY
ClickPay is the online platform for reviewing your tenant account and making electricity and additional rent payments, as needed. To access your ClickPay account, visit https://www.ClickPay.com to register with your account number from your monthly Rose Associates’ tenant statement. Please do not establish via ClickPay,
an automatic charging of your account balance to a credit card or to your bank account. If it happens, this will result in your rent being paid twice because rent is collected by payroll deduction. Please reach out to your MSSLW Property Manager for any concerns regarding your tenant balance and/or your ClickPay balance.

SECTION 2: ABOUT THE BUILDING

SECURITY
Security is a priority for all hospital housing. The Superintendent may ask you several times to identify yourself as a resident before being able to remember your name and face as there are many residents in the building. All visitors and guests will be required to identify themselves when requested by building staff. These procedures have been designed to enhance your safety and require your cooperation to be effective. For your added safety there are eight cameras throughout the building recording 24 hours a day, 7 days a week.

The building’s interior and exterior lobby doors are locked at all times 24 hours a day, 7 days a week. Please use your current building key for both doors in order to enter the building. The intercom system to allow your visitors to enter the building is linked to the telephone number you provide to the Superintendent when you move in. If your phone number changes, please be sure to inform the Superintendent so that he can update the intercom system. If you are not expecting visitors or a delivery, please DO NOT GIVE ACCESS to anyone you do not know.

MAINTENANCE & REPAIRS - BUILDINGLINK
BuildingLink is a computerized work order tracking system, as well as a building notification system available to all residents of the 310 East 24th Street building. It is accessible online via http://buildinglink.com. Tenants are able to enter service requests pertaining to plumbing, heating and cooling, pest control, flooring, appliances, apartment guests, etc. and to track the progress of those requests through completion using a username and password. You will receive an automated e-mail confirmation in response to your work order request and e-mail alert when the work is completed. Shortly after move-in, you will be e-mailed the username and temporary password with which to create your account. If you have not received your username and temporary password, please reach out to your MSBI Real Estate Services Property Manager. General maintenance services will be performed Monday through Friday 8:00 AM to 4:00 PM.

Building management will use BuildingLink to e-mail you about major repairs affecting multiple apartments or other general notices to the tenants.

For emergency repairs, please call the Superintendent immediately. An emergency is defined as a gas odor, flood or fire. Call 911 or the Fire Department Dispatcher at 212-999-2222 as well as the Superintendent if you have a fire.

FIRE SAFETY
The building has six stories above ground and one story below ground. The building is classified as "combustible" or "non-fireproof." A "combustible" or "non-fireproof" building has structural components (such as wood) that will burn if exposed to fire and can contribute to the spread of the fire. In such buildings,
the fire can spread inside the building walls to other apartments and floors, in addition to the flame, heat and smoke that can be generated by the burning of the contents of the building.

The building has sprinklers in the basement Compactor Room, Laundry Room and Shop. The building does not have a fire alarm pull station or public address system. In the event of a fire, call 911 or the Manhattan Fire Department Dispatcher at (212) 999-2222 and the Superintendent at 929-237-8944. The means of egress are:

<table>
<thead>
<tr>
<th>Types of Egress</th>
<th>Identification</th>
<th>Location</th>
<th>Leads To</th>
</tr>
</thead>
<tbody>
<tr>
<td>Enclosed Interior Stairs</td>
<td>A</td>
<td>Building West Side</td>
<td>Roof to lobby</td>
</tr>
<tr>
<td>Enclosed Interior Stairs</td>
<td>B</td>
<td>Building East Side</td>
<td>Roof, lobby, basement</td>
</tr>
</tbody>
</table>

Each tenant is provided with a Fire Safety Plan at Occupancy Agreement signing that provides general information regarding evacuation and fire prevention measures.

**DELIVERIES, PACKAGES AND DRY CLEANING**

Building staff are not permitted to accept delivery of any items (i.e. UPS, Fedex, USPS, Amazon deliveries, furniture, perishables from Fresh Direct, Peapod, Blue Apron). Small packages delivered by UPS and Fedex are left in a cabinet in the Lobby for pickup by the tenant. Some small items from Amazon are delivered to the apartment door.

If you plan to be away for any period of time, please ensure that you suspend your newspaper delivery and/or other subscriptions and notify building management where you can be reached in case of an emergency.

**GREEN INITIATIVE**

In 2007, the hospital system embarked on an environmental initiative called "Let's Go Green", to promote a healthier environment and help conserve natural resources. Sustainability is an important part of our building management operations and one of the simplest, most immediate ways you can contribute is by conserving energy and recycling. Stop the waste of valuable resources by reporting leaking faucets, toilet, A/C or heat problems in a timely manner.

**REFUSE DISPOSAL**

Located on each floor is a refuse closet that gives access to a garbage compactor chute. The closet is open 24 hours a day, 7 days a week. To operate the chute, simply open the door and deposit your bagged, non-recyclable household trash. All items deposited in the compactor chute should be in tied garbage bags. Call the Superintendent if you have a large batch of garbage to discard.

Do not leave household waste, recyclables or bulk garbage such as mattresses and box springs, in the corridor, outside the compactor chute, in the stairwells, or in any common area of the building.

Recyclable items such as plastic, glass, metal and paper should be deposited in the recycling container in the Basement Laundry Room.
Syringes and lancets should be properly disposed of in the designated sharps containers in the Hospital. However, we realize that on occasion our residents may forget and leave lancets or syringes in their lab coat pockets. For the safety of our employees, please **do not** dispose of these items in the garbage or in the recyclable containers.

Pursuant to NYC Administrative Code 16-120 mattresses and box springs for disposal must be fully contained within a plastic bag. Plastic bags can be purchased at most home improvement, hardware or department stores.

Any large or bulk items for disposal should be brought to the basement for expeditious removal. **Do not throw bulk items, e.g. bed frames, down the chute; they can endanger staff members and damage the chute.**

**RECYCLING PROGRAM**

The New York City Recycling Law, originally enacted in 1989 as Local Law 19, mandates recycling in NYC by residents, agencies, institutions, and businesses. It is very important that you comply with sanitation laws as the problem of non-compliance with recycling regulations becomes a tremendous burden on our city.

In compliance with NYC regulations regarding recycling we provide four containers in the basement Laundry Room, for your recyclable materials: plastic, metal and glass together, cardboard / paper separately.

**Newspaper Recycling**
This includes soft-cover books, telephone books, newspapers, magazines, catalogs, junk mail/flyers, paper bags, and cardboard from product packaging.

**Cardboard Recycling**
Place your corrugated cardboard, flattened and neatly stacked, in the designated area near the recycling container in the Basement Laundry Room. Building staff and the Department of Sanitation will make sure it is recycled.

**Metal, Glass, Plastic, and Cartons (emptied and rinsed)**
This includes metal cans, aluminum foil wrap and trays, metal caps and lids, household metal; glass bottles and jars; plastic bottles, jugs, jars, caps, and lids, rigid plastic containers, consumer packaging, and housewares; food and beverage cartons and drink boxes and aseptic packaging.

**Electronics (e.g. computers, TV sets, printers, scanners, cameras, etc.)**
Since January 2015, NYC law mandates that you cannot dispose of the following items in the trash: TVs, Monitors, Computers, Laptops, Mice, Keyboards, Small servers, Printers/scanners, Tablets/e-readers, MP3 Players, VCRs/DVDs/DVR players, Fax machines, Video game consoles, Cable/satellite boxes.

To dispose of your electronics legally and responsibly and **for free**, please take advantage of take-back, reuse and recycling programs. The following website provides additional information regarding recycling these items: [https://www1.nyc.gov/nyc-resources/service/4661/electronic-disposal-information](https://www1.nyc.gov/nyc-resources/service/4661/electronic-disposal-information).

There are also special programs to dispose of cell phones and accessories, rechargeable batteries, plastic batteries, and auto products.
Please bring your recyclable items to the basement. Do not throw them away in the regular trash. The NYC Department of Sanitation does not collect the trash when recyclables are mixed with the regular garbage.

Any items not listed above should be collected in plastic garbage bags, tied tightly and deposited in the garbage compactor chute.

For the complete list of what to recycle and what is non-recyclable trash, please go to the web page: https://www1.nyc.gov/assets/dsny/site/services/recycling/what-to-recycle.

GARAGE & PARKING SERVICES
For details on available monthly parking spaces including rates and the application process you may contact the Parking Service at Parkingservices@mountsinai.org.

BICYCLE STORAGE
The building is not equipped with a bicycle storage room. Bicycles are to be stored within your apartment, not in hallways, stairwells or other common areas of the building. Bicycle storage is also available for a nominal fee in neighborhood parking garages that can be located via the internet.

LAUNDRY FACILITY
A common laundry room is provided in the basement for your use. All washers and dryers are provided and serviced by a contracted vendor. The laundry machines operate by use of a replenishable debit card. There is a card dispensing machine in the laundry room that you can use to purchase new cards or replenish existing ones. The laundry facilities are solely for the use of the building’s residents. The laundry room is open daily 24 hours a day, 7 days a week. Please report any non-functioning machines by contacting the vendor at the phone number or website posted.

Dry Cleaning
The below unaffiliated companies provide all aspects of dry cleaning and laundering. There is no charge for pick up or delivery.

Fancy Dry Cleaners & Tailors 254 Third Avenue 212-982-2007
Best Touch Cleaners 235 E. 24th Street 212-685-6829
Elegant Cleaners & Tailors 168 East 24th Street 212-254-4089

PEST CONTROL & EXTERMINATOR SERVICE
This service is provided by a contracted vendor. The various public areas, basement rooms and other building operation rooms are routinely serviced. We encourage you to have this service performed in your apartment on a regular basis. However, it is your responsibility to notify us immediately of any conditions in your apartment that require additional attention.

The building is serviced once a month, on the first Friday. By the preceding Monday, if your apartment requires service, please complete a work request at http://buildinglink.com to give permission to enter if no one will be home to provide access. Also complete an Extermination Service Request form available from the counter in the Lobby.
ELEVATOR SERVICE
The building has only one passenger elevator. Moves and deliveries are allowed seven days a week and must be scheduled with the Building Superintendent prior to the planned move or delivery date. We ask that you be considerate of your neighbors and complete your move as efficiently as possible so the elevator can be quickly restored to passenger use. Please release the elevator between trips so that other tenants are able to utilize it.

SECTION 3: ABOUT YOUR APARTMENT

DOOR LOCKS, ENTRY & ACCESS CONTROL
Each apartment has been designed with security in mind. The apartment entrance door is provided with two locks. Both locks should be used at all times. When you only "slam lock" your door, you are not engaging the deadbolts which must be locked with a key from the outside. Please engage both deadbolt locks whether you are in or out of your apartment. If you decide to change these locks, please note that pursuant to NYC Administrative Code 27-2043 and NYS Multiple Dwelling Law§ 51-c, the Superintendent must be given keys immediately for emergency access and maintenance when written notification is given. Failure to provide us with the new key will delay emergency and urgent response and prevent us from giving you the best possible service.

1. Please provide access for your domestic employees and guests. Access will not be provided by the Superintendent or building staff and no keys will be accepted by building staff for distribution.

2. Safeguard the keys to your apartment and be very selective when issuing keys to another person. If your key is lost or misplaced, building staff will assist you to gain access to your apartment Monday through Friday from 8:00 AM - 4:00 PM. At other times, you are required to call a locksmith to provide access to your apartment at your own expense. If your lock is drilled out and changed, a copy of the new keys must be provided to the Superintendent.

PETS
The building is pet friendly. If you would like to have a pet reside in your apartment, please submit a letter requesting authorization to your Property Manager. Include details about your pet including the type, breed, age, weight and height as well as a recent photograph. If your pet request is approved you will be required to sign a Pet Rider to your Occupancy Agreement. To ensure the safety of building staff who may need to access your apartment in response to a service request you submitted with permission to enter, or as a result of an emergency, please lock away in a bedroom or gated area, any dogs kept as a pet in the apartment.

SMOKE DETECTORS
The smoke detectors are designed to produce an audible alarm within the apartment when sensing smoke. The smoke detector does not notify the Superintendent or Fire Department. Please call the Fire Department as well as the Superintendent immediately if you have a fire or smoke condition. Please do not disable the smoke detector.

The smoke detector should be tested at least once a month and batteries changed once a year unless the replacement battery is the 10-year lithium battery recently mandated by law for smoke detectors when a replacement battery is necessary. A great way to remember to change the batteries is to do so at the same time you change your clocks for Daylight Savings Time in the Spring or Standard Time in the Fall. You are
responsible for notifying the Superintendent by submitting a service request through BuildingLink if the smoke detector is not working. Additionally, you are responsible for any and all smoke detectors that are stolen, removed, missing or become inoperable during your occupancy of the apartment.

**SMOKING POLICY**
The individual apartments and the building are designated no smoking premises. Tenants and Occupants residing in the building under a prior Occupancy or Lease Agreement will not be immediately subject to the No-smoking Policy. As current Occupants and Tenants move out, or enter into new Agreements, the smoke-free building policy will become effective for their apartment. Smoking is not permitted within 20 feet from the main entrance and all building exits.

**ENCLOSED BACK PATIO**
The enclosed back patio is for the use of the building’s tenants. It is accessible via the door in the basement. The key used to open the building’s front door will allow you to re-enter the building via that basement door. Pets are welcome. Please clean up after your pet and never leave your pet unattended.

Please be mindful of your noise level when on the patio. Please help to keep the area neat and discard your refuse in the designated containers provided in the laundry room.

**TELEPHONE, CABLE TV & INTERNET**
The building offers access to RCN, Spectrum and Verizon telephone, cable television, Fios television and internet services. The contact information is provided on page two. Please contact them directly to make arrangements for service.

RCN   www.rcn.com/new-york   Email: janet.mcgibbons@rcn.net   Tel: 646-772-4472
Spectrum  www.spectrum.com   Tel: 844-757-2826
Verizon   www.verizon.com   Tel: 888-363-4808
Verizon FiOS  www.fios.verizon.com   Tel: 877-913-8913

**ELECTRIC METER/BILLING**
Electricity in your apartment is provided by Con Edison. Please contact Con Edison at 800-752-6633 or visit https://www.coned.com/en/services-and-outages/start-service to open an account in your name when you move in. The meter for each apartment is located in the basement. Con Edison reads the meter each month and bills you directly for the electricity service used. You are responsible for paying the monthly bills in a timely manner to prevent the electricity service from being turned off.

**INTERCOM SYSTEM**
The intercom system that allows your visitors to enter the building is linked to the telephone number you provided to the Superintendent when you moved in. If your phone number changes, please be sure to inform the Superintendent so that he can update the system.

Your visitors can search for you by apartment number, using the A and Z buttons on the dialing panel located to the right of the exterior door. Once the correct apartment number is displayed, the visitor presses the
“Call” button and the system will dial the telephone number you provided. The guest may also enter the directory code on the keypad to place the call.

If you wish to grant your visitor access into the building, dial the number “9.” A steady tone means that the door lock is being released; you can then end the call. Your visitor will have 10 seconds from the time he/she opens the exterior door to open the interior door and enter the building. If you do not want to grant access to the caller, you can simply hang up and end the call.

If you are not expecting visitors or a delivery, please DO NOT GIVE ACCESS to anyone you do not know.

HEATING, VENTILATION AND AIR CONDITIONING (HVAC)
Your apartment heat is provided by the steam radiators. Air conditioning units are provided and installed in the wall sleeves under the living room and bedroom windows. To maximize efficiency of the unit, it must be serviced prior to the start of the cooling season. During this time building management will notify you of plans to access to your apartment in order to clean or replace the filters as needed.

Pursuant to NYC Administrative Code, the building provides heat from October 1st through May 31st of every year. Heat is provided under the following conditions

- Between the hours of 6:00am and 10:00pm, if the outside temperature falls below 55 degrees, the inside temperature is required to be at least 68 degrees Fahrenheit.
- Between the hours of 10:00pm and 6:00am, the inside temperature is required to be at least 62 degrees Fahrenheit.

In order to maintain maximum efficiency of the heating and cooling units we recommend you keep the areas around the radiator clear of any items. Do not close any radiator valves yourself. The condensate collected can leak, damaging not just your apartment and belongings, but also your neighbors.’

BALCONY
Each apartment above the first floor has a balcony that is separated from the neighboring apartment by a vertical half-wall. For your safety and security, keep the balcony door locked when not in use. Also, be considerate of your neighbors and keep noise levels to a minimum.

Please do not use your balcony space to collect or store items that should be disposed of. Keep the area neat and clean.

WOOD FLOORING
To maintain your wood parquet floor, use a mop with water or mild household floor cleaner.

You are reminded to cover 80% of the floor area in the living room and bedroom with carpeting or rugs. Please do everything possible to diminish the transmission of sound and noise that may travel from apartment to apartment. Failure to do so may result in noise complaints from your neighbors.

ALTERATIONS
In accordance with your Occupancy Agreement no resident is permitted to make any alteration or improvement to his/her apartment without the prior written approval of the Landlord. Unauthorized work will not be permitted.

**DECORATING**

Each apartment has been painted with Benjamin Moore Bone White paint. The bathroom, kitchen, all doors, window trims, wood baseboards, shelves, and closet doors are painted in semi-gloss for durability. All other areas are painted in a flat color. At your request, we will repaint your apartment in Bone White every three years at no cost to you.

Should you change the color or install wall coverings, you will be responsible to restore the apartment to the condition that it was in when you first occupied it. Otherwise the cost of such restoration will be deducted from your security deposit. Pictures may be hung by placing a small strip of adhesive tape on the wall, then driving a picture hook into the wall through the center of the tape. Do not use stick-on picture hangers, Molly screws or hollow wall fasteners.

Each apartment is equipped with new light bulbs. It is your responsibility to supply and replace burned out bulbs in your apartment. If you request us to supply the bulbs, there may be a subsequent charge. If you need help to install the replacement bulbs, please submit a service request at [http://buildinglink.com](http://buildinglink.com). If you remove and replace any standard existing lighting fixture, please be sure to return them to the Superintendent and obtain a receipt. If you do not have a receipt, you may be held responsible for the replacement.

Window covering are not provided in each apartment. Any window covering found in apartments were left by the previous tenant. There is no repair / maintenance service for any left from the previous occupant.

**ADDITIONAL APPLIANCES**

Neither the wiring nor the plumbing in the building is designed to support additional appliances in your apartment. Residents are not permitted to install clothes washing machines, clothes dryers, freezers, air conditioners or other major appliances without written consent from the Landlord. You will be held responsible for damages to the landlord’s property resulting from unauthorized installation and use of such appliances. You may also be liable for damages to your neighbor’s property.

**BE A GOOD NEIGHBOR**

All residents are entitled to the quiet enjoyment of their apartment. All residents must, therefore, be responsible for the actions of their families and guests within the apartment and balcony as well as in the building’s common areas. Unreasonable noise and playing of any musical instruments, exercise equipment, stereo, radio or TV in such a manner as to disturb or annoy other residents is prohibited, particularly between the hours of 10:00 PM and 8:00 AM.

**RENTER'S INSURANCE**

All residents are asked to obtain Renter's Insurance pursuant to the terms of your Occupancy Agreement. Failure to secure insurance within 30 days from the commencement of your Occupancy Agreement is an indication that you have chosen to self-insure for personal injury and property damage or loss. As an example, if someone in your household inadvertently leaves a faucet running, it could result in severe water damage not only to your personal property and the landlord's property, but your neighbor's as well.
You would be liable for damages and could be the defendant in a lawsuit. Renter's Insurance can provide coverage for such losses, cover legal fees for defense and protect your personal assets. It is highly recommended. Insurance companies that sell renter’s insurance include (but are not limited to): Allstate at https://www.allstate.com/or 800-Allstate; Gieco at https://www.geico.com/ or 800-241-8098; Nationwide Insurance at https://www.nationwide.com/index.jsp or 800-882-2822; Met Life at https://www.metlife.com/ or 800-438-6388.

SECTION 4: ABOUT YOUR NEIGHBORHOOD

TRANSPORTATION
Shuttle Service
Shuttle service is provided free of charge to all Mount Sinai Health System House Staff who show their hospital identification card. The schedule, route and location of this and other network shuttles can be found via the real time shuttle locator at http://mshsshuttle.org. For any shuttle related concerns, you may contact the Shuttle Supervisor at 917-295-8186.

Bus and Train Service
The building is within walking distance of the #6 train, as well as the #15, 16, 21, 23, 101, 102 and 103 bus lines.
