

Nomination to the Graduate Faculty

This form must be completed, with signatures by a nominating Department Chair/Center Director and Multidisciplinary Training Area Co-director/Program Director, and returned by email to Suzanne Small (suzanne.small@mssm.edu) with the nominee's curriculum vitae attached. If you wish to be considered for appointment to the Graduate Research Training Faculty, which allows you to serve as a dissertation advisor for PhD students, you must present evidence of a research program capable of providing a stable research training environment for the student (in the basic science programs, this typically includes support for stipend, health insurance, tuition).
