Students who have completed graduate courses elsewhere may receive transfer credits for courses that fit within the training goals of their current programs. The courses, the Mount Sinai Program equivalent, place taken, number of credits, and grade received (plus documentation in the form of an **official** transcript) must be attached or already on file in the Registrar's Office. For PhD and MS in Biomedical Sciences, requests for transfer credits should be made after the student has been matriculated for at least one semester so that the request can be made in the context of the student's initial performance and mastery in the Mount Sinai Graduate School.
