

Meet Our Team

Jeff and Lisa Blau Adolescent Consultation Center for Resilience and Treatment

Ms. Thibreau manages clinical research operations within the Center. She earned her Master of Science in Clinical Research from Boston University in 2024. Before joining the Center, Ms. Thibreau worked at Boston Medical Center and Beth Israel Deaconess Medical Center in Boston, Massachusetts. Ms. Thibreau is deeply interested in the implementation of psychiatric research, with a focus on translating research protocols into real-world clinical settings and optimizing research operations to improve access, quality, and impact of mental health research.

Meet Our Team

Jeff and Lisa Blau Adolescent Consultation Center for Resilience and Treatment

Ms. Obiajulu earned her Bachelor of Arts in Neuroscience from Harvard University in 2024, with a minor in Computer Science. Her academic training integrates psychology and neuroscience with computational approaches to research. Her research interests focus on the application of quantitative and computational methods to neuroscience and mental health research, particularly in the study of psychotic disorders.
