

# Save the Date

## Sixth Annual Tristate Regional Simulation Symposium

Friday, September 23rd | 11 am - 2 pm EST

### Authenticity: Emerging Opportunities, Challenges, and Issues in Healthcare Simulation

Hosted By Center for Advanced Medical Simulation

1000 Tenth Avenue, New York, NY 10019

212-523-8985 | [cams@mountsinai.org](mailto:cams@mountsinai.org)

### Keynote Speaker

**Peter Dieckmann, PhD,**  
**Dipl-Psych** Senior Scientist,  
Copenhagen Academy  
for Medical Education and  
Simulation (CAMES),  
Denmark; Professor,  
Healthcare Education and

Patient Safety, University of Stavanger, Norway;  
Lecturer, Department of Clinical Medicine,  
University of Copenhagen, Denmark

### Registration Information

Admission is free for  
this year's event.

To register for this event,  
please visit our event site  
by clicking [here](#).

For more information, please visit our website  
by clicking or scanning the QR code.

### Program Structure

#### Live Virtual Event

- Plenary Session - Keynote Speaker
- Panel Discussion with the Healthcare Simulation Experts
- Oral Presentations with Panel Discussion

### Program Overview

This three-hour must-attend conference offers an opportunity to examine the accelerated future of healthcare simulation. The past two years' transformation created new normals, new opportunities, and new challenges to improve patient outcomes. **A kick-start to exploring the relationship and gaps between “good simulation practice” (realism) and “good clinical practice” (authenticity).** Does engineered fidelity bring us closer to authenticity? How, do professional and personal lives contribute to simulation? What are the most critical decisions and how can we be prepared to bring productive changes?

### Program Learning Objectives

**After this conference, the participants will be able to:**

- Explore the relationships and gaps between “good simulation practice” (realism) and “good clinical practice” (authenticity).
- Examine ways that professional and personal lives contribute to simulation.
- Generate thoughtful discussions that disrupt conventions, redefine contemporary pedagogy, and challenge innovations.

### Target Audience

Simulation in Healthcare Leaders, Healthcare Administrators, Policy Decision Makers and Stakeholders, Researchers, Scholars, Educators, Learners, Simulation Enthusiasts, and Friends

**Mount  
Sinai  
West** *Center for Advanced  
Medical Simulation*
