Dear Research Community,

Below are COVID-19 funding opportunities recently released from the funding opportunity database SPIN.

Please note that some opportunities have rapidly approaching deadlines. Previous COVID-19 funding opportunities that have been circulated via the listserve are posted on GCO’s Funding Opportunities page and on the ORS Research Roadmap COVID-19 Funding Opportunities page organized by due date.

In addition, please review the SPIN Getting Started Instructions for information about beginning your individual search.

A research opportunity is currently available with the Research and Evaluation (R&E) team, within the Emergency Risk Communication Branch (ERCB) in the Center for Preparedness and Response (CPR) at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia.

Healthy Eating Research has a limited amount of rapid-response research funds available to commission: 1) issue briefs/commentaries or papers/research reviews and; 2) small studies to explore the impact of the coronavirus pandemic on nutrition and diet quality, food security, and related health consequences for children and families. The sponsor has up to $230,000 (total) available to support these rapid-response research projects. Thus, we will be looking to fund projects that are lower in cost to maximize our available funds.
Synopsis

NIH is issuing this Notice to highlight the need for and value of data harmonization and data sharing specifically in the context of urgent competitive revisions and administrative supplements producing data to investigate the social, behavioral, economic, and health impacts of the Coronavirus Disease 2019 (COVID-19) Public Health Emergency.

Limited Submission

No

SMARTS™ funding alerts are a service of InfoEd Global's SPIN™ funding opportunities
