Research Services and Resources

Dear Research Community,

Below are COVID-19 funding opportunities recently released from the funding opportunity database SPIN and other announcements sent to the GCO.

Please note that some opportunities have rapidly approaching deadlines. Previous COVID-19 funding opportunities that have been circulated via the listserv are posted on [GCO's Funding Opportunities](#) page and on the [ORS Research Roadmap COVID-19 Funding Opportunities](#) page organized by due date. COVID-19 opportunities funded by the CTSA program of NCATS can also be found in [The Conduit newsletter](#).

In addition, please review the [SPIN Getting Started Instructions](#) for information about beginning your individual search.

The Grants and Contracts Office

SPIN ID	Program Title	Sponsor Name	Sponsor Deadline Number Date	Funding Amount
091946	COVID-19 HPC Consortium	Extreme Science and Engineering Discovery		Continuous Not Submission Specified

Environment (XSEDE)

Synopsis: NINDS is interested in applications for supplements to human subjects awards administered by the NINDS to conduct research on the effects of COVID-19 on the development of, or disease progression in, Alzheimer's Disease-Related Dementias (ADRDs). ADRDs include Frontotemporal Degeneration (FTD), Lewy Body Dementia (LBD), Vascular contributions to Cognitive Impairment and Dementia (VCID), and Mixed Etiology Dementias (MED).

Other Funding Opportunity Announcements

SOLVE ME/CFS INITIATIVE

THE RAMSAY GRANT PROGRAM

Solve M.E. will accept applications to study ME/CFS and Long-Covid from February 22– April 30, 2021

Through the Ramsay Program, Solve M.E. invests in research studies in ME/CFS or long-COVID with a particular emphasis on engaging young investigators and researchers new to the field. Collaborative proposals (involving 2 or more research groups) and studies that examine the similarities and differences between ME/CFS and long-COVID are encouraged.
