Research Guidance & Education

Dear Research Community,

The NIH has very quickly over the past two weeks issued special notices of interest (NOSI), other notices, administrative supplements, and other funding opportunities related to fighting and curing the coronavirus. The GCO is providing additional information here to help you choose the right one.

Administrative Supplements: Funding Opportunity Announcements

The first two supplements below were already in place and the third one is new. The differences in each are highlighted below.

1. Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp Clinical Trial Optional) (PA-18-591)
2. Urgent Competitive Revision to Existing NIH Grants and Cooperative Agreements (Urgent Supplement - Clinical Trial Optional) (PA-18-935)
3. Emergency Competitive Revision to Existing NIH Awards (Emergency Supplement - Clinical Trial Optional) (PA-20-135)

In reviewing the associated Notices of Special Interest thus far, the NIH is using PA-18-591 to award costs that are within the scope of the approved award and PA-18-935 and PA-20-135 to expand the scope of the active grant.

NIH FOA Name #	Funding Purpose Statement # 1	Funding Purpose Statement # 2	Application Due Date(s)
PA-18-591 Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp Clinical Trial Optional)	The National Institutes of Health (NIH) hereby notify Program Directors/Principal Investigators (PD(s)/PI(s)) holding specific types of NIH research grants listed in the full Funding Opportunity Announcement (FOA) that funds may be available for administrative supplements to meet increased costs that are within the scope of the approved award, but were unforeseen when the new or renewal application or grant progress report for non-competing continuation support was submitted.	Although requests for administrative supplements may be submitted through this FOA, there is no guarantee that funds are available from the awarding IC or for any specific grant. All applicants are encouraged to discuss potential requests with the awarding IC. Additionally, prior to submission, applicants must review the awarding IC's web site to ensure they meet the IC's requirements. A list of those web sites is available at https://grants.nih.gov/grants/guide/admin_supp/index.htm .	Due dates may vary by awarding IC. See the awarding IC's web site for any applicable Application Due Dates.
PA-18-935 Urgent Competitive Revision to Existing NIH Grants and Cooperative Agreements (Urgent Supplement - Clinical Trial Optional)	The National Institutes of Health (NIH) hereby notify Principal Investigators holding specific types of NIH research grants, listed in the full Funding Opportunity Announcement (FOA) that funds may be available for competitive revisions to meet immediate needs to help address a specific public health crisis in a timely manner, but that were unforeseen when the new or renewal application or grant progress report for non-competing continuation support was submitted.	Only applications submitted in response to an Urgent Guide Notice published by an IC will be allowed to apply to this FOA.	Earliest start dates may vary by awarding IC. See the Urgent Guide Notices for any applicable Application Due Dates.
PA-20-135 Emergency Competitive Revision to Existing NIH Awards (Emergency Supplement - Clinical Trial Optional)	The National Institutes of Health (NIH) hereby notify the applicant community that funds may be available for applications based on a presidentially declared disaster under the Stafford Act, a public health emergency declared by the Secretary, HHS, or other local, regional or national disaster. Applications in response to Emergency Notices of Special Interest (NOSIs) will be routed directly to the NIH awarding component signed on to the Emergency NOSI.	Only applications submitted in response to an Emergency NOSI published by an IC will be allowed to apply to this FOA.	See the Emergency Notice of Special Interest (NOSI) for any applicable Application Due Dates.

Notices of Special Interest (NOSI)

Please check the [NIH site](#) for the most up to date NOSIs. Please be reminded that NOSIs are not stand alone funding opportunities. **You must apply to one of the supplemental funding opportunities above or to another funding opportunity listed in the NOSI. Also, if you apply to a FOA and do not include the NOSI # as specified, your application can be rejected.** It has happened before. Please carefully review the NOSI and follow all the instructions.

NOSI Title	NOSI #	Associated NIH FOA Purpose # 1	Associated NIH FOA Purpose # 2	Associated NIH FOA Purpose # 3	Other
Notice of NIBIB's Participation in PA-20-135 "Emergency Competitive Revision to Existing NIH Awards (Emergency Supplement - Clinical Trial Optional)"	(NOT-EB-20-003)			PA-20-135	
Notice of Special Interest (NOSI) regarding the Availability of Administrative Supplements and Urgent Competitive Revisions for Research on the 2019 Novel Coronavirus	(NOT-DA-20-047)	PA-18-591	within the scope of the ongoing grant	PA-18-935	expand the scope of their active grant
Notice of Special Interest (NOSI): Availability of Administrative Supplements and Revision Supplements on Coronavirus Disease 2019 (COVID-19)	(NOT-HL-20-757)	PA-18-591	within the general scope of the research or training that is already supported.		
Notice of Special Interest (NOSI): Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) and Coronavirus Disease 2019 (COVID-19)	(NOT-AI-20-031)	PA-18-591			Check for other FOAs
Notice of Special Interest (NOSI) regarding the Availability of Emergency Competitive Revisions for Research on Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) and Coronavirus Disease 2019 (COVID-19)	(NOT-AI-20-034)			PA-20-135	expand the scope of their active grant.
Notice of Special Interest: NIEHS Worker Training Program Coronavirus and Infectious Disease Response Training (Admin Supp Clinical Trial Not Allowed)	(NOT-ES-20-014)			PA-20-135	Check NOSI for other FOAs
Notice of Special Interest (NOSI) regarding the Availability of Urgent Competitive Revisions for Research on Coronavirus Disease 2019 (COVID-19) and the Causative Virus SARS-CoV-2	(NOT-GM-20-025)			PA-18-935	expand the scope of their active grant.
Notice of Special Interest (NOSI): Repurposing Existing Therapeutics to Address the 2019 Novel Coronavirus Disease (COVID-19)	(NOT-TR-20-012)				Check NOSI for other FOAs

We wish you much success! Please let us know if you have any questions.

Sincerely, Allison Gottlieb
