Awarded Full Accreditation by AAHRPP

Since June 10, 2011, the Association for Accreditation of Human Research Protection Programs (AAHRPP) fully accredits our program. Maintaining AAHRPP accreditation is public affirmation of the overall excellence of the human research performed at ISMMS, and it demonstrates the School's pursuit of the highest ethical practices and principles of human research protections. As the "gold seal," AAHRPP accreditation offers assurances—to research participants, researchers, sponsors, government regulators, and the general public—that a human research protection program is focused first and foremost on excellence.
